**Instructions** To help others make sense out of your answers, think about the following questions and be sure to explain your answers to your loved ones and health care providers.

If you checked "worth living, but just barely" for more than one factor, would a combination of these factors make your life "not worth living" If so, which factors?

If you checked "not worth living," does this mean that you would rather die than be kept alive?

If you checked "can't answer now." what information or people do you need to help you decide?
